**Rebuttal to the Argument in Favor of Sequoia Union High School District**  
**\$265,000,000 Bond Issue**

When school boards put bond measures like Measure A before the voters, they are admitting that everything they are spending your tax dollars on **now** is more important than the projects for which this tax increase is being sought.

**Budgets show us priorities.** [Sequoia Union High School District] says they want "to avoid overcrowding, provide updated classroom technology, labs," etc.

**But, are those priorities in their current budget? Answer: No.**

Do you agree with their priorities?

Proponents want "technology training for 21<sup>st</sup> century skills."

**Would you take a computer class or buy a laptop computer, and pay with a 25-year loan?**

No? But, that's what Measure A's proponents are asking you to do.

And this is on top of the **\$165,000,000 bond that voters passed in 2008** to provide a "Ten-year technology fund for high schools.. Is all that money already gone?

What happened to that technology?

And that was on top of 2004's \$70,000,000 bond to "modernize, improve, expand facilities" within the district.

Do you think buildings need to be updated every 10 years with a 25-year bond?

And to top it all off, the District is spending 141% more per student than the statewide average, per the latest (2012-12) figures available at *www.Ed-Data.k12.ca.us*.

Teachers in the District are making an average of \$81,674/year versus the statewide average of \$72,962 plus benefits (up to \$23,078 extra).

**[Sequoia Union High School District] is spending irresponsibly. Vote NO on Measure A.**
