Rebuttal to Argument Against Measure J

19 The future of our country lies in the education of our children. But as we require our students to
15 push themselves to higher and higher academic achievements, there is a small but vocal minority
19 who is intent on giving less and less to our schools and to the future of our children's education.

17 Voters should be aware that the author of the Argument Against Measure J is a high-ranking
13 national official in the Libertarian Party who *does not even live in San Mateo County.*

8 Here are the facts about Jefferson Union High School District's Measure J.

16 • **Measure J Will Let Us Continue the Job.** Measure J will provide funding so we can
12 continue the job of improving classrooms and campuses at the District's five
3 comprehensive high schools.

11 • **Measure J Funds Technology and Protects Taxpayers Money.** All technology funded
12 out of Measure J will be repaid within three to five years.

15 • **Measure J Benefits All of Our Communities.** Funds from Measure J will be invested in
10 construction and rehabilitation projects throughout the high school district, creating
8 additional jobs and helping to improve property values.

17 If we want our students to excel and compete for today's jobs, they must have access to
13 classrooms that are clean, safe and meet today's educational standards. Measure J accomplishes
6 these goals while still protecting taxpayers.

5 Vote YES on Measure J!
