Instructions for the Electronic submission of the 2023 Business Property Statement (Form 571-L) for Equipment Leasing/Vending Companies and Financial Institutions.

The Assessor is required to annually assess taxable business personal property as of the lien date (January 1st). Business Personal Property includes all “Equipment out on lease, rent, or conditional sale to others” used in the operation of a business. Business Personal Property is reported to the Assessor annually on a form known as the Business Property Statement (Form 571-L). By filing electronically, you will be assisting our office to process the business property statements efficiently. If filing electronically, **please do not mail us a paper copy of your rendition as this will create duplication.**

*** Note:** If you received this email, we are not sending you a paper statement. You are encouraged to file the 2023 Form 571-L electronically.

Below are the detailed instructions to file your Form 571-L electronically:

1. Required or needed Forms (files):
